CIVIL ENGINEERING DEPARTMENT

DATE OF ISSUE : MAY 1ST 2022

VOLUME - 14 February to 30 April

ACADEMIC YEAR : 2021-2022

With a great start to the year here we come with extravagantly wonderful and resourceful events that will nurish our children for the coming future opportunities. Given below is what we have achieved, more or less.

IN THIS ISSUE

- CORE VALUES
- CESA
- TESTOMONIALS
- STUDENT ACHIEVEMENTS & ACTIVITIES
- RECAP' 2021-2022

VISION

To develop professionally competent Diploma Civil Engineers for sustainable socio-economical development capable of managing the resources with qualitative approach.

MISSION

- To develop competent Diploma Civil Engineers with ethical values for socio-economical development.
- To inculcate employable, entrepreneurial and life-long learning skills for sustainable development of the society.
- To create a learning environment conducive for achieving academic excellence with latest technology trends.
- To offer continuing education programmes and consultancy services for betterment of society.

YOUR ONLY **LIMIT** IS YOU

Meet the Faculty

DR PARAG M PATIL
PRINCIPAL

Dear Students and Colleagues,
I wish to convey my deep condolences towards Our Ex-Principal R. D. Waykole sir, who taught me practical approach of engineering. In this quarter many activities were carried out by like Swachhata Abhiyan, Tree Plantation, Electrical and civil maintenance at various locations in Institute.

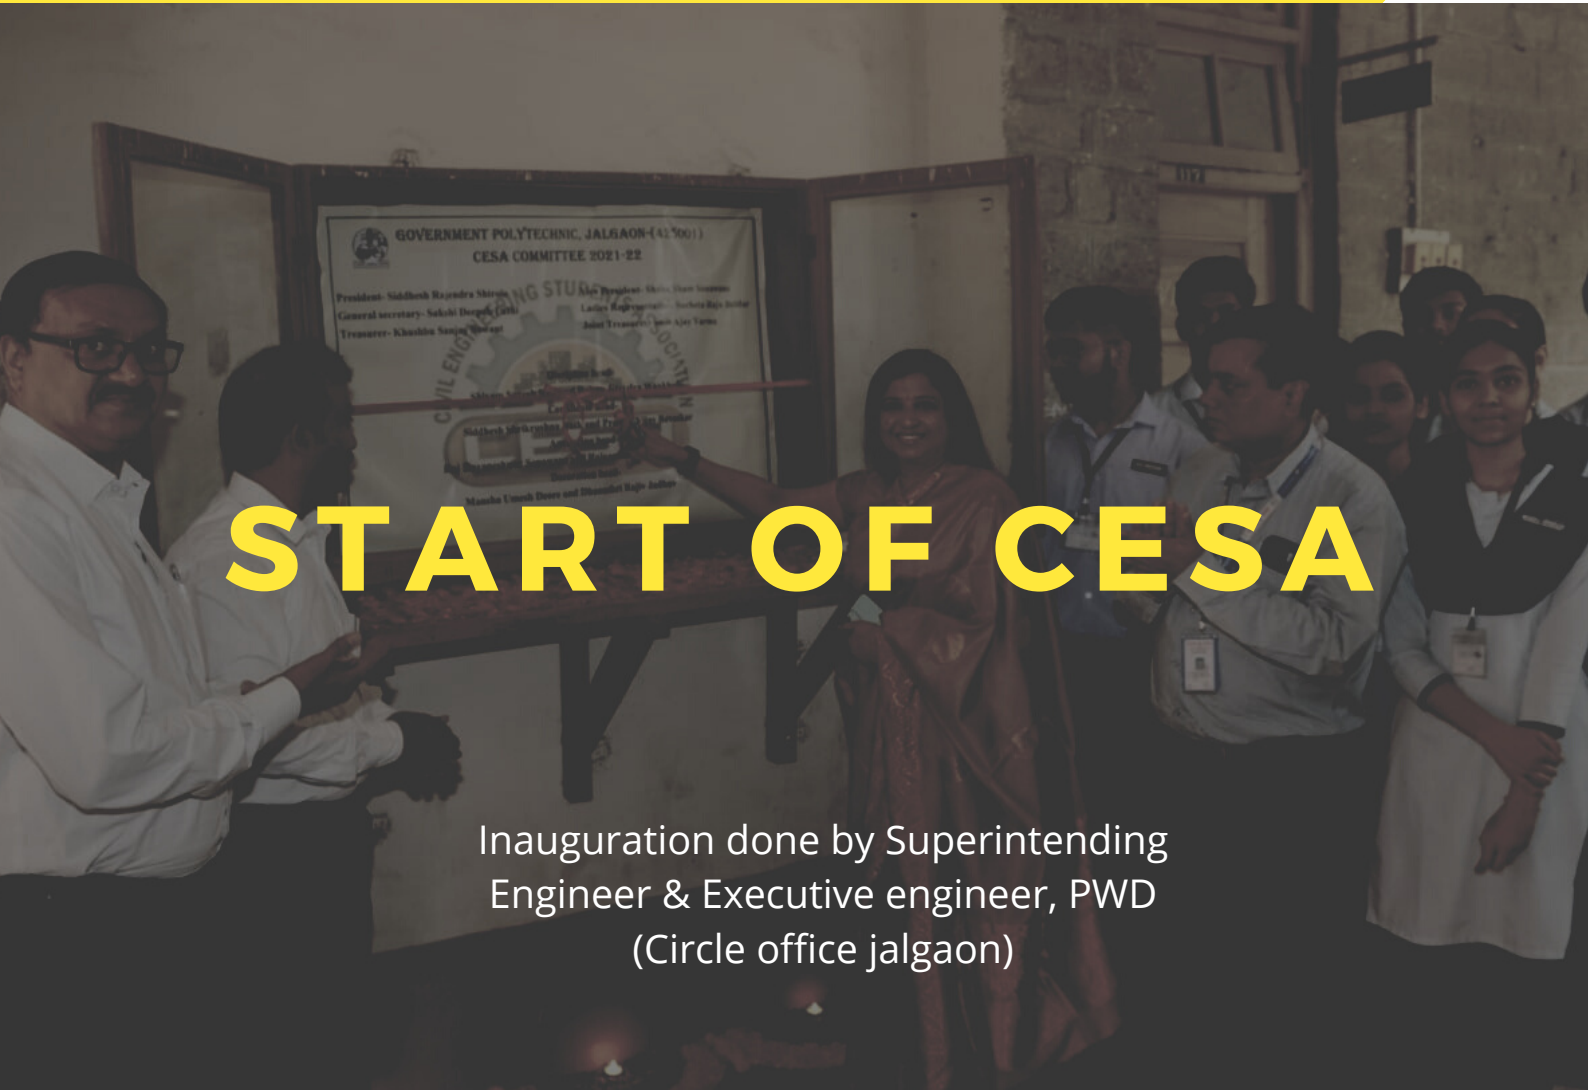

I must say thanks to all the faculty and staff members of Electrical Department for leading few of these events and giving valuable contribution for all the other events.

DR RAVINDRA U KAMODKAR
HOD, Civil department (Second Shift)

SMT YAMINEE PATIL
SENIOR FACULTY

START OF CESA

Inauguration done by Superintending Engineer & Executive engineer, PWD (Circle office jalgaon)

IDEOLOGY OF CESA

WHAT IS THE CORE REASON FOR FORMATION OF CESA?

CESA is the step that we haven taken towards empowerment & development of the hidden skills that we all have in us but somewhere we do not exercise them .Thus, to harness those skills and to empower our youth, we came out with the formation of CESA committee which allows every student to exploit their skill set which ultimately leads to development of youth and the nation.

THIS NEWSLETTER IS INFLUENCED & POWERED BY CESA.

WORDS OF WISDOM

FROM THE EDITOR

RAJVARDHAN SACHIN PAWAR

Hardwork, Discipline & consistency matters the most if you want to be recognised in any domain. Try everything in life and, dominate and be the best among all. Set your goals extremely high so even if you fail you fail above everyone's expectations.

DREAM BIG STAY FOCUSED

PRESIDENT

SIDDHESH RAJENDRA SHIROLE

Being one out of all requires continued and undivided dedication & attention towards your goals in life no matter the conditions always stay consistent.

VICE - PRESIDENT

SHAHU SHAM SONAWANE

In order to excel we need to make decisions that we do not tend to make regularly. To evolve we need to bring a change in ourselves.

GENERAL SECRETARY

SAKSHI LATHI

To be magnificent you have to work hard and keep consistency in every step to success. Remember, what you are not changing you are choosing.

COLLEGE EVENTS

CESA INAUGURATION

CESA is formed by the students of Civil engineering branch and it is primarily focused on the development and welfare of students to make all the students well aware of what is in the box for them in the coming future. We seek to promote entrepreneurial & creative traits of students which many of them do not harness due to the inertness caused to them because of the pandemic situation and lack of communication. We seek many future opportunities for our students and aim to make them capable of handling every situation.

Core committee members

FUN FAIR '22

Organised by 3rd Year Civil engineering branch students

FUNFAIR ACTIVITY

Funfair, as the name suggests, is a *fair* with lots of fun. These are the annual functions that most of the schools arrange usually at the end of the final semester. The funfair is an event which combines a lot of small independent fun events. It includes sections like movies, variety shows, exhibitions, food stalls, lottery, swings and many more similar fun activities.

IMPORTANCE OF FUNFAIR

- Good chance to socialize with other people.
- After a long year of hectic academic routine, funfairs are a good break before the beginning of new semester.
- The funfair is an event which combines a lot of small independent fun events
- Entrepreneurial side experience.

CHARTS FOR ADVERTISEMENT :

These events can have positive impact on children and can help them to be a good person and effective member of social society.

FIELD TRIPS

RAILWAY STATION & ROAD BRIDGE VISIT

~ 2ND YEAR STUDENTS

A field visit is very helpful for supplementing the theoretical knowledge we read in our books. It aids to interlink the facts with the practical field and teaches its significance. It builds interest of the students to get more about the places and the world around us and increase their awareness

RAILWAY VISIT

On 22nd April 2022 we plan visit to the railway station to know the detail information about component parts of railway track the visit is organised by our faculty miss hemangi Bari ma'am Deepika Patil mam Piyush Choudhary sir and KP Wankhede sir the permission granted by Dr Parag Patil sir. We seen this all with whole class

ROAD BRIDGE VISIT

On 19th April 2022 we planned visit to the pimplala road bridge the visit is organised by professor hemangi Bari ma'am Deepika Patil mam Piyush Choudhary sir and SagarShrikhande sir permission is granted by principal of our institute dr Parag Patil sir in this visit who is seen (ROB) road over bridge 417/3 and their component parts with our group

FIELD TRIPS

SHELGAON BARRAGE, BIO-MEDICAL WASTE TREATMENT PLANT & BIOGAS PLANT

~ 3RD YEAR STUDENTS

SHELGAON BARRAGE

Field trips have been used as a complementary activity in different curriculums and at different ages. Field trips create opportunities for students to acquire practical technical skills alongside individual and social experiences. Field trip experiences (the way the knowledge is acquired) have shown a better understanding of knowledge by students when compared to classroom lectures.

Site engineer along with the higher authorities at the visit to fill in us with necessary details of the project.

GANDHI TEERTH

At the Jain hills we halted at Gandhi teerth before our visit to Biogas plant, it was very informative and amazing experience here. The site scenes are spiritually awakening and pleasing.

PHOTOGRAPHY BLOG

~SHAHU SONAWANE

TIGER

The tiger (*Panthera tigris*) is the largest living cat species and a member of the genus *Panthera*. It is most recognisable for its dark vertical stripes on orange fur with a white underside. An apex predator, it primarily preys on ungulates such as deer and wild boar.

TIGER

RED-NAPED IBIS

The red-naped ibis is a large black bird with long legs and a long downcurved bill. The wing feathers and tail are black with blue-green gloss while the neck and body are brown and without gloss.

RED NAPED IBIS

SAMBER DEER

As with most deer, only the males have antlers. The shaggy coat can be from yellowish brown to dark grey in colour, and while it is usually uniform in colour, some subspecies have chestnut marks on the rump and underparts.

POSTER COMPETITION

PAINTING BY SMIT VARMA & DIPALI GORE

Online education is a form of education where students use their home computers through the internet. For many nontraditional students, among them all those who want to continue working full time or raising families, online graduations and courses have become popular in the past decade.

PAINTING BY DHANASHRI JADHAV

Beti Bachao, Beti Padhao (Save the girl child, educate the girl child) is a campaign of the Government of India that aims to generate awareness and improve the efficiency of welfare services intended for girls in India.
